DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114 was filed in this application after a decision by the Board of Patent Appeals and Interferences, but before the filing of a Notice of Appeal to the Court of Appeals for the Federal Circuit or the commencement of a civil action. Since this application is eligible for continued examination under 37 CFR 1.114 and the fee set forth in 37 CFR 1.17(e) has been timely paid, the appeal has been withdrawn pursuant to 37 CFR 1.114 and prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on October 30, 2006 has been entered.

Allowable Subject Matter

2. Claims 1, 2, and 4-36 are allowed over prior art of record.
3. The following is an examiner's statement of reasons for allowance:

The prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach "spinning the semiconductor device structure at a first speed; gradually decreasing a rate of the spinning to a second speed; and gradually increasing a rate of the spinning to a third speed," as recited in claim 1 and "partially filling at least one valley of the first material layer with the second material while leaving at least one peak of the first material layer substantially uncovered by the second material," as recited in claim 23 respectively.

Claims 2, 4-22, and 24-36 are also allowed as being directly or indirectly dependent of the allowed independent base claim.

Conclusion

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
